GOOGLE MAPS · MEDSPAS

“BOTOX NEAR ME.” WHO SHOWS UP?

GOOGLE MAPS, EXPLAINED.

People book treatments close to home. The map decides who they see.

SWIPE →

THE PROBLEM

YOUR NEXT CLIENT IS SEARCHING A FEW MILES AWAY.

Botox, fillers, facials, laser: people search the treatment plus “near me” and pick from the map. If your profile is thin, they book with the spa down the road.

NEAR ME	TOP 3	1 TAP
SEARCHES	ON THE MAP	TO BOOK

1

STEP 1 OF 5

NAME EVERY TREATMENT.

Each treatment you list is another search you can show up for.

BEFORE

Category: Day spa

Treatments missing

Vague description

AFTER

Medical spa category

Botox, fillers, laser listed

Clear 'from' prices

SWIPE →

2

STEP 2 OF 5

ONE TAP TO BOOK.

Make the path from the map to an appointment as short as possible.

FROM SEARCH TO BOOKING	KAALA
Search	BOTOX NEAR ME
Map	YOUR PROFILE
Button	BOOK ONLINE
Result	APPOINTMENT

SWIPE →

3

STEP 3 OF 5

FRESH REVIEWS EVERY WEEK.

Happy clients rarely leave a review unless you ask.

BEFORE	AFTER
Never asked	Ask after each visit
Old reviews	Steady new reviews
No replies	A reply to each one

4

STEP 4 OF 5

POST OFFERS AND UPDATES.

Weekly posts show you're active and give people a reason to book now.

BEFORE	AFTER
Last post months ago	A post every week
No offers shown	Seasonal offers
Old photos	New photos monthly

SWIPE →

5

STEP 5 OF 5

COUNT BOOKINGS, NOT VIEWS.

Views feel nice. Booked appointments pay the bills.

BEFORE	AFTER
Only views	Calls and bookings
Guessing	Direction requests
No idea what works	Repeat clients
