META ADS · PLASTIC SURGERY

YOU ARE THE BEST AD.

META ADS, EXPLAINED.

Patients choose a surgeon, not a stock photo. Put yourself in your ads.

THE PROBLEM

STOCK PHOTOS ALL LOOK THE SAME.

Polished model shots look like every other clinic. Patients want to see who will operate on them and how they speak.

STOCK PHOTOS	**NO** FACE	**NO** TRUST

1

STEP 1 OF 5

FILM YOURSELF.

A phone, good light, a calm room. You talking to camera is enough.

BEFORE	AFTER
Stock models	The surgeon on camera
Generic slogans	Your voice
Nobody real	A real person

2

STEP 2 OF 5

ONE QUESTION PER VIDEO.

Recovery, scars, consultation, costs: answer one thing clearly.

VIDEO IDEAS	KAALA
1	WHAT HAPPENS AT THE CONSULT?
2	HOW LONG IS RECOVERY?
3	WHO IS IT NOT FOR?
4	HOW DO I CHOOSE A SURGEON?

3

STEP 3 OF 5

STAY CALM AND FACTUAL.

No promises, no pressure, no timeframes. Meta's health ad rules apply.

BEFORE	AFTER
'Perfect body'	Clear facts
'Results in 2 weeks'	Honest risks
Pressure	Calm tone

4

STEP 4 OF 5

RETARGET THE VIEWERS.

People who watched most of a video already know you. Invite them to a consultation.

BEFORE	AFTER
Same ad to strangers	Ad to video viewers
Cold audience	Warm audience
Low trust	Consultation invite

STEP 5 OF 5

REFRESH EVERY FEW WEEKS.

New questions, new videos. Keep the feed fresh and useful.

BEFORE	AFTER
One ad for months	New video monthly
Viewers tired	Fresh answers
Results drop	Steady interest
